Communicable Diseases and Your Orthodontist

With community transmission of communicable diseases, you could be exposed anywhere to infectious diseases including, but not limited to Covid-19 (also called Coronavirus). Our orthodontic office is following the State and Federal regulations and recommended universal personal protection and disinfection protocols to limit transmission of communicable diseases. However, it is possible that these precautions will not always be successful in blocking the transmission of these diseases. Social distancing nationwide has reduced the transmission of Covid-19, however it is not possible to provide orthodontic treatment with social distancing between the patient, orthodontist, orthodontic staff and sometimes, other patients.

By presenting yourself or your child for orthodontic treatment, you assume and accept the risk that you or your child may inadvertently be exposed to a communicable disease.

If you have been exposed to a communicable disease prior to your orthodontic appointment, you may spread the disease to the orthodontist, orthodontic staff and to other patients/parents in the practice. Therefore, prior to each appointment, we require you to answer the following questions:

Have you, your child, or others accompanying you to today's appointment tested positive for or been diagnosed as having Covid-19?

Yes_____ No_____

If so, when?

Date:_____

Are you currently awaiting Covid-19 test results?
